I think City Watch is a crazy predatory "news site", but thought you would want to hear some of the more crazy lines they are pushing in case constituents call about it. They are saying it was entirely undemocratic despite letters being sent out to everyone.

A Venice BID is At Your Doorstop To Stay Silent Or Make Big Noise Is The Question

Yeah, I could see how someone would think that it is undemocratic. Unless you are paying into it, you don't have a say to its formation or function. This makes sense though because those paying into it are the only ones who are supposed to get the effects of the extra efforts. Thanks for sending
